Oil and Gas Extraction
Sewage Treatment Facilities
Iron and Steel Mills and Ferroalloy Manufacturing
Oil sands extraction
Waste Management
All Other Miscellaneous Manufaturing
Electric Power Generation
Paper Mills
Nonferrous Metal (except Aluminum) Smelting & Refining
Petroleum Refineries
Hydrogen sulfide
Phosphorus (total)
Zinc (and its compounds)
Methanol
Manganese (and its compounds)
Ammonia (total)
Copper (and its compounds)
Ethylene glycol
n-Hexane
Lead (and its compounds)
Transfers to Underground Injection
Transfers to Landfill or Surface Impoundment
Transfers to Land Application
Transfers to Stabilization or Treatment Prior to Disposal
Transfers to Storage Prior to Disposal
