

Report on Accomplishments

Overview: 2011-12 CEC Operational Plan

Evan Lloyd
CEC Executive Director
22 June 2011

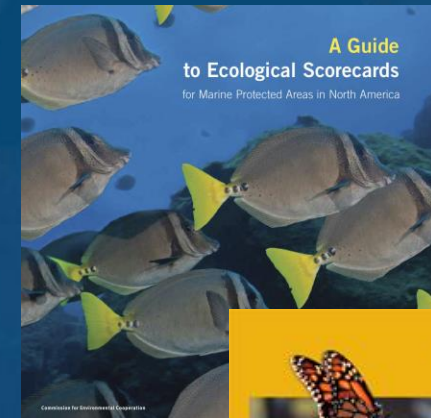

cec.org

Project completions

Biodiversity Conservation

- Marine Species and Spaces
- Conserving the Monarch Butterfly and Promoting Sustainable Livelihoods
- North American Grasslands (2010)

North American Environmental Atlas

Project achievements

Enforcement and Compliance:

- Online training - hazardous wastes and hazardous recyclable materials
- Crossing the Border
- Electronic system for the exchange of information on the import/export of hazardous wastes and recyclable materials

Environment, Economy and Sustainability

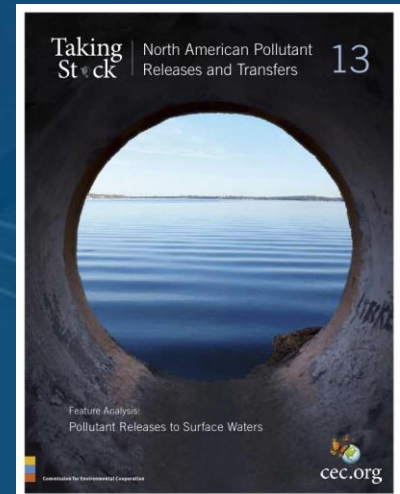

- Supporting the Growth of Energy Efficient Buildings

Project achievements

Pollutants and Health

- Updates to Mexican National (Air) Emissions Inventory (2005 and 2008 data)
- Capacity building for implementation of AirNow Int'l in Mexico
- Tri-national monitoring network for Chemicals of Concern
- Focused tri-national strategy on mercury (Hg)
- Preparation of Mexican Chemical Imports Inventory
- Taking Stock - Vol. 13

Kick-off project achievements

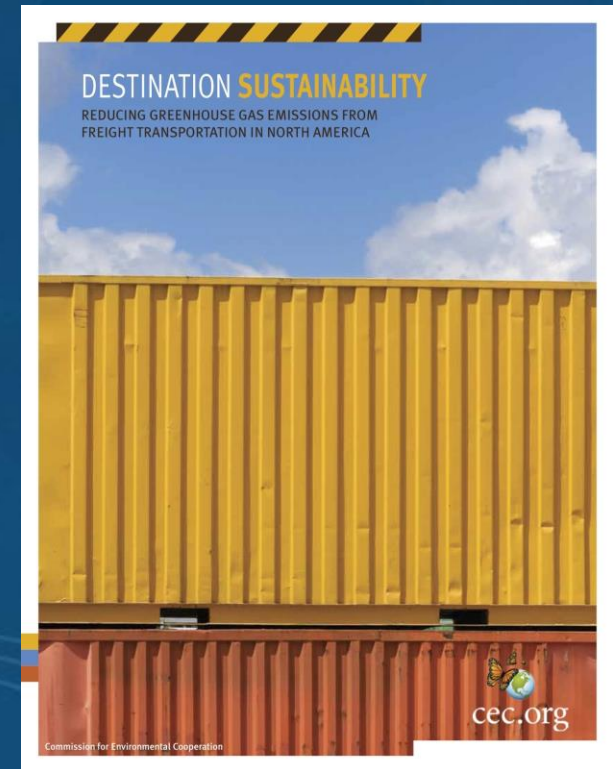

- Assessment of the comparability of Greenhouse Gases (GHG) and Black Carbon Inventories in North America
- Electronic wastes
 - Material Flows
 - Recycling and refurbishing
 - Intelligence-led enforcement

Secretariat Report to Council

Destination Sustainability: Reducing Greenhouse Gas Emissions from Freight Transportation in North America

- Coordination and networking
- Carbon pricing and system efficiency strategies
- Investments to improve the efficiency of freight transportation system
- Supply chain management
- Training eco-drivers
- Gathering and sharing data

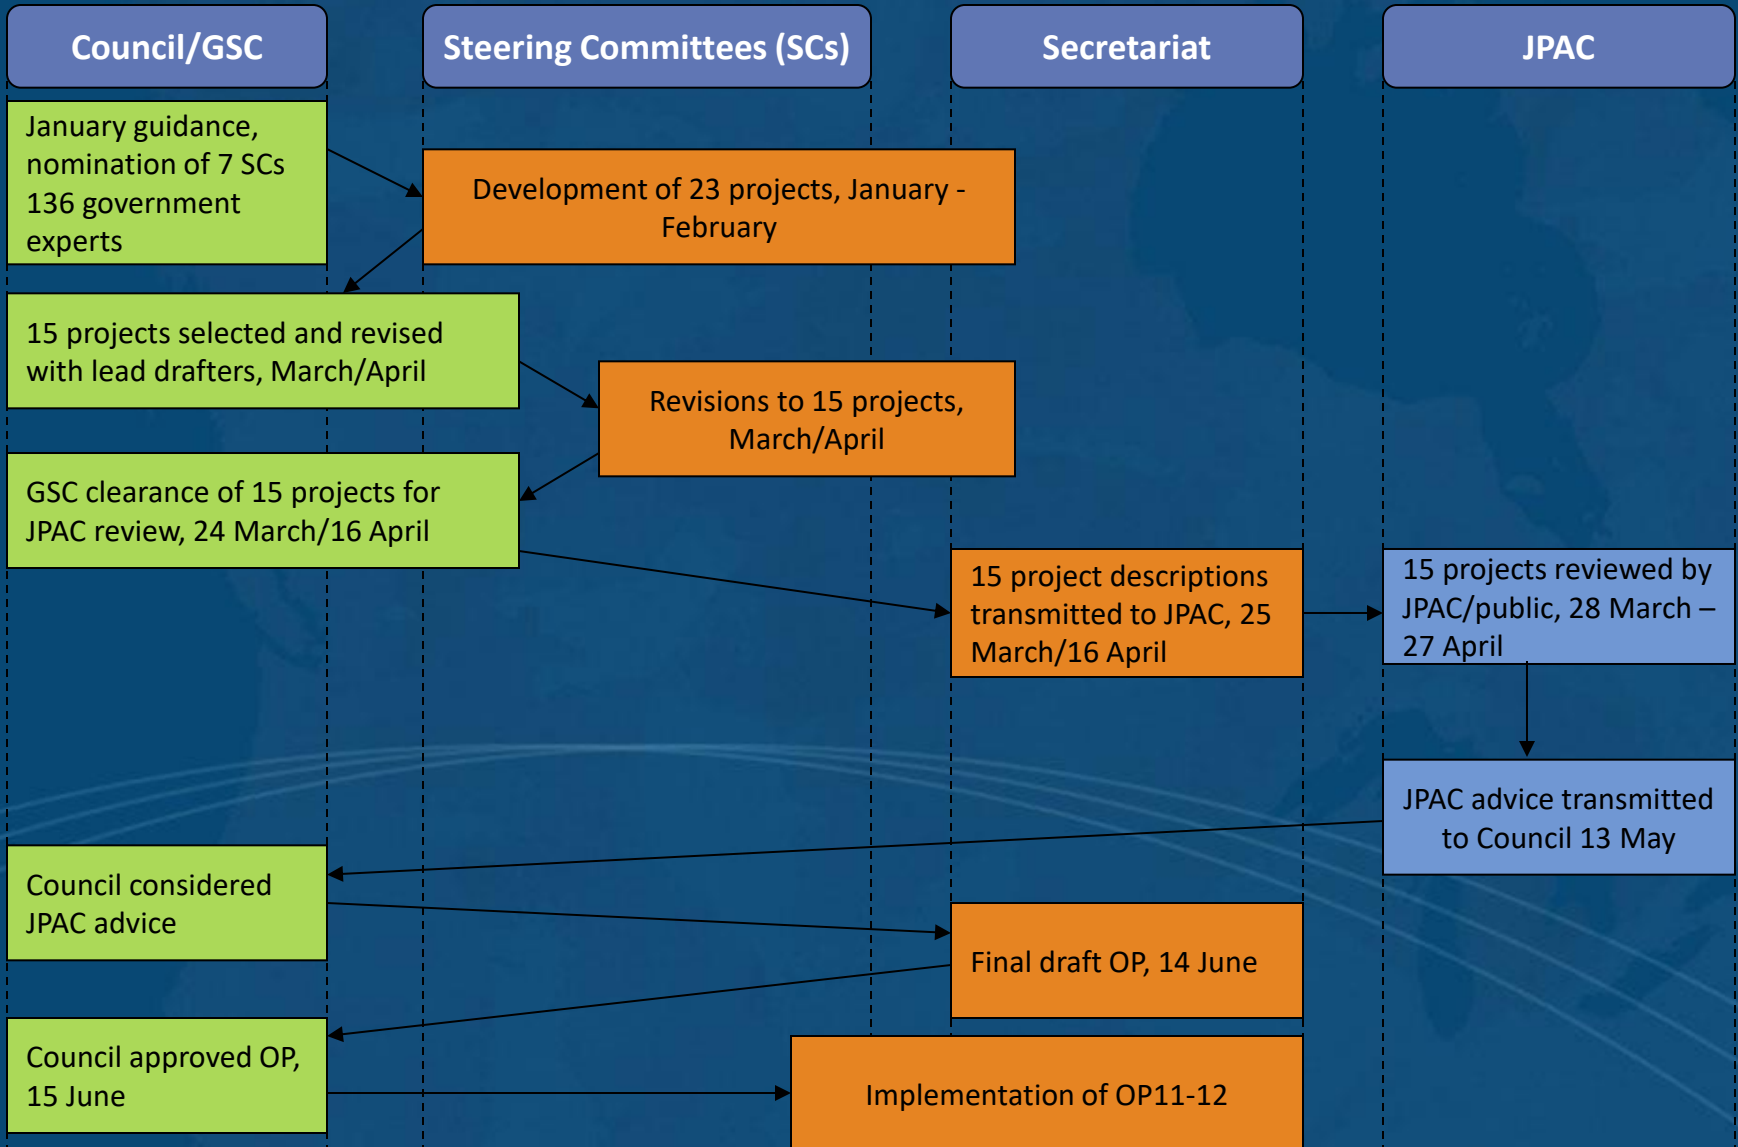

2011-12 Operational Plan

Healthy Communities and Ecosystems

Climate Change – Low-Carbon Economy

Greening the Economy in North America

Development of the Operational Plan 2011-2012

CEC Project Evolution

Active Projects
 Completed Projects
 NAAEC Obligations

CEC PROJECTS	Strategic Plan 2005-10						SP 2010-15	
	2005	2006	2007	2008	2009	2010	2011	2012
HEALTHY COMMUNITIES AND ECOSYSTEMS								
Capacity Building in Vulnerable Communities								
Improving Indoor Air Quality in Alaskan Native Populations								
Grasslands								
Big Bend – Río Bravo Transboundary Landscape Conservation*								
Invasive Species*								
Marine Species and Spaces of Commons Concern								
North American Pollutant Release and Transfer Registers (PRTR)								
Risk Reduction Strategies for Chemicals of Mutual Concern (SMOC**)								
Tracking Chemicals in Commerce in North America (SMOC**)								
Environmental Monitoring and Assessment of Pollutants across NA								
Trade and the Enforcement of Environmental Laws*								
Strengthening Wildlife Enforcement*								
Air Quality Information and Management								
Ecosystem Management								
Monarch Butterfly								
Recovering the Vaquita								
CLIMATE CHANGE – LOW-CARBON ECONOMY								
Improving Comparability of Emissions Data								
Ecosystem Carbon Sources and Storage								
NA Online, Interactive Informational Platform on Climate Change								
GREENING THE ECONOMY IN NORTH AMERICA								
Green Building								
Greening Supply Chains (SMEs, Auto Sector)								
Clean Electronics / E-waste								
Green Purchasing								
Conserving Biodiversity Through Trade								
Renewable Energy								
Environmental Sustainability and Competitiveness in NA								
OTHER PROJECTS (under past Puebla pillars 2005-2010)								
North American Atlas								
State of the Environment Report								
Environmental Assessment of NAFTA								

* Merged into one project in 2011 ** Split into two projects in 2011
