SUMMARY RECORD

SESSION 99-09 OF ALTERNATE REPRESENTATIVES

Held via conference call on 14 October 1999

The Council, represented by its Alternate Representatives, met via conference call on 14 October 1999. Mr. William Nitze (United States) chaired the meeting. Ms. Norine Smith and Mr. José Luis Samaniego represented Canada and Mexico respectively. Mr. Jonathan Plaut represented JPAC and Ms. Janine Ferretti, Executive Director, the Secretariat. Mr. Marc Paquin, Secretary to Council, acted as secretary of the session. Other officials of the Parties and the Secretariat also participated in the call.

Item 1 Adoption of the agenda

The Alternate Representatives revised and adopted the agenda for the session at the beginning of the session based on the provisional agenda. The agenda, as adopted, is attached as Annex A.

Item 2 Adoption of summary records

In accordance with Council Rules of Procedure (R.11), the Executive Director prepared the summary records of Alternate Representatives sessions and speakers have submitted corrections to the summary records of their remarks. The Alternate Representatives adopted the summary records of sessions 98-09, 99-01, 99-02, 99-03, 99-04, 99-05, 99-06 and 99-07.

The JPAC Chair reminded the Parties that he had sent a memo to the Alternate Representatives asking them to consider adding more information in the summary record of session 99-08 on the reasons why the Council decided to revise the Articles 14 and 15 Guidelines.

Item 3 NAAEC Articles 14 and 15

Item 3.1 Friends of the OldMan River Submission

The Alternate Representatives indicated that they expected to be in a position, by their November session, to decide whether or not to instruct the Secretariat to prepare a factual record pursuant to Article 15(2) in the matter of the submission filed by the Friends of the OldMan River (SEM 97-006). They requested that a draft Council resolution on this matter be prepared for discussion at their November meeting.

The Alternate Representatives also discussed timing issues associated with the development of new factual records, in light of ongoing discussions regarding policy questions related to the development of factual records.
Item 3.2 Guidance on the development of factual records

The Alternate Representatives agreed to review Canada’s proposal entitled “A Policy for the CEC Secretariat with respect to the Preparation of Factual Record under Article 15 of the NAAEC” and to initiate discussions on the matter at their next session. They also recognized the importance of interim procedures so that the processes can continue while the issues related to the development of factual records are resolved.

In the event that interim procedures were to be developed, the Alternate Representatives discussed the need to notify the public, and to release these procedures for review and comments before they are finalized and adopted by the Council.

Item 4 Council’s responses to pending public inquiries

The Alternate Representatives discussed the status of the Council’s responses relating to the following inquiries received from the public. The Secretariat suggested that the Parties may wish to consider a policy for the development of Council’s responses to public inquiries in order to ensure that they are responded to with celerity.

Item 4.1 Centro Mexicano de Derecho Ambiental (CEMDA) re: Cozumel factual record

The Alternate Representatives discussed the Council’s response to CEMDA’s letter and agreed that Mexico will take the lead in developing two draft letters, one for consideration by the Parties and another one addressed to the Submitter. The first letter will be from the Council, indicating that the last step in the Articles 14 and 15 process is the development of the final factual record, and also indicating that the Parties may cooperate, as provided by Article 10, on various environmental issues.

The second letter, addressed to CEMDA by Mexico, will underline the actions undertaken by the Government of Mexico further to the development of the factual record.

Item 4.2 Alberta Wilderness et al, re: Articles 10(6)(a), 20(3), 21(1)(2) of NAAEC and compliance of Government of Alberta with Articles 3, 4, 20(3)

The Alternate Representatives agreed to complete their review of the proposed response prepared by Canada and finalize the Council’s response as soon as possible.

Item 4.3 Sierra Club of Canada, Council of Canadians, and Greenpeace Canada re: NAFTA Chapter 11 and Suspension of S.D. Myers, Sun Belt Water Inc. and Pope & Talbot Inc.

The Alternate Representatives agreed to review the responses already provided by Canada to Sierra Club of Canada et al., to determine whether or not a response from the Council is still warranted. The Secretariat indicated that the letter it received from the Sierra Club et al. was
addressed to the Council as a whole. The Secretariat will send again that letter to the Alternate Representatives for their consideration.

**Item 4.4** Sierra Club of Canada, Council of Canadians, Greenpeace Canada et al. re: Methanex Corp NAFTA Investor Dispute concerning California’s notice to ban gasoline additive MTBE to Promote Clean Water

The United States indicated that they expected to be in a position to share a draft response with the Parties by the time of the November session of the Alternate Representatives.

**Item 5** Discussion on 1999 projects

The Alternate Representatives initiated discussions on the status of the Emerging Trends project and agreed to continue that discussion at their next session. In order to assist the Alternate Representatives in their next discussion on the matter, the United States requested that Canada and/or Mexico table a written proposal clearly defining how they view the project scope, goals, objectives, and specific steps for the implementation of the project.

**Item 6** 2000 Regular Session of the Council

The United States indicated they have initiated the search for an appropriate venue for the 2000 regular session of the Council and hope to be in a position to confirm the venue before the end of 1999.

Mexico noted the importance of that session as the first of the 21st century, and likely the last one for the last one for the current Mexican and US members of the Council, and the need to convey clearly the future direction of the CEC, suggesting that the Secretariat should prepare information on the CEC’s accomplishments over the past 5 years.

**Item 7** Other issues

**Item 7.1** Status of NAAEC Article 28 Model Rules for dispute resolution

The Alternate Representatives confirmed that the next Model Rules negotiating session will take place during the week of 6 December 1999 in Mexico City.

**Item 8** Next sessions of Alternate Representatives

The Alternate Representatives confirmed that their next session scheduled 21-22 October 1999 will focus on the review of the proposed 2000-2002 Program Plan and approval of the 2000 Program and Budget contained therein.

**Item 9** Closure of the session

The Chair closed the session.
