Subject: Draft Factual Record ATP II status

Dear POCs:

I am updating you on the status of the preparation of the draft factual record (DFR) in SEM-17-001 (*Alberta Tailings Ponds II*).

As a result of additional time required to access public information, as well securing consultants' reports, we are still in the drafting process for this DFR. We anticipate that the DFR will be sent for editing and translation by the end of the summer. The SEM online tracker will show the "IP" icon in red for the DFR in *ATP II*. We will inform the submitter of this delay.

Please let me know if you have any questions.

Robert E. Moyer
Director, Submissions on Enforcement Matters and Legal Unit
