Subject: Re: EUA02987.-Follow up on request for comparability findings for fisheries in the Upper Gulf of California.

Thank you very much for your email. I appreciate you providing me with this information. As you are aware, we are currently in the period where all nations must input their information into our ICAIRS database and request comparability findings for all of their fisheries on the List of Foreign Fisheries by November 30th. I do want to strongly encourage you to make sure that you upload any of the relevant documents into the database prior to that deadline and use the database to request your comparability findings for all of Mexico's fisheries.

thanks, Alexa

No. EUA02987

Exp.: SRE.02S.03/2021/002

Dear Ms. Alexa Cole,

As a follow up to the letter dated November 23th, 2020, and the message EUA00351R dated February 2nd, 2021, regarding the request for comparability findings for fisheries in the Upper Gulf of California, and to advance this process, the Embassy of Mexico to the United States sends hereby the document "AGREEMENT establishing the indicators, detonating factors and predetermined actions, in accordance with article seventeen of the Agreement regulating fishing gears, systems, methods, techniques and schedules for carrying out fishing activities with small and large fishing vessels in Mexican marine areas in the Northern Gulf of California and landing sites are established, as well as the use of monitoring systems for such fishing vessels, published on September 24th, 2020" published in the Official Gazette on 9th July 2021.

This text completes the set of regulatory requirements stipulated in the above-mentioned Agreement of September 2020.

The government of Mexico reaffirms its commitment with a fruitful collaboration and dialogue on this matter, and is available to attend any query or complementary information that may be needed on the subject.

It would be highly appreciated if you could confirm receipt of this email and its two attachments (one in Spanish and the respective courtesy translation).
