Stephane Dion
Minister of Environment, Canada

Jose Luis Luege Tamargo
Secretary for Environment and Natural Resources, Mexico

Stephen L. Johnson
Administrator for the US Environmental Protection Agency

Dear Council members:

As you know, recommendation 14 of the Report of the Ten-year Review and Assessment Committee (TRAC) calls for "Council, with the executive director's assistance and JPAC's advice, to report publicly on the implementation of the TRAC recommendations, including those which have been fully or partially implemented and those which have not, with the reasons, to the 2006 annual meeting of the Council."

We are writing today to let you know that both the Secretariat and JPAC stand ready to assist Council in making this report to the public in the context of the upcoming June Council Session and look forward to hearing of your plans in responding to the recommendation.

Yours sincerely,

William V. Kennedy
Executive Director

Carlos Sandoval
JPAC Chair
