

Regenergy

Renewable Energy for Sustainable Agriculture

About Us

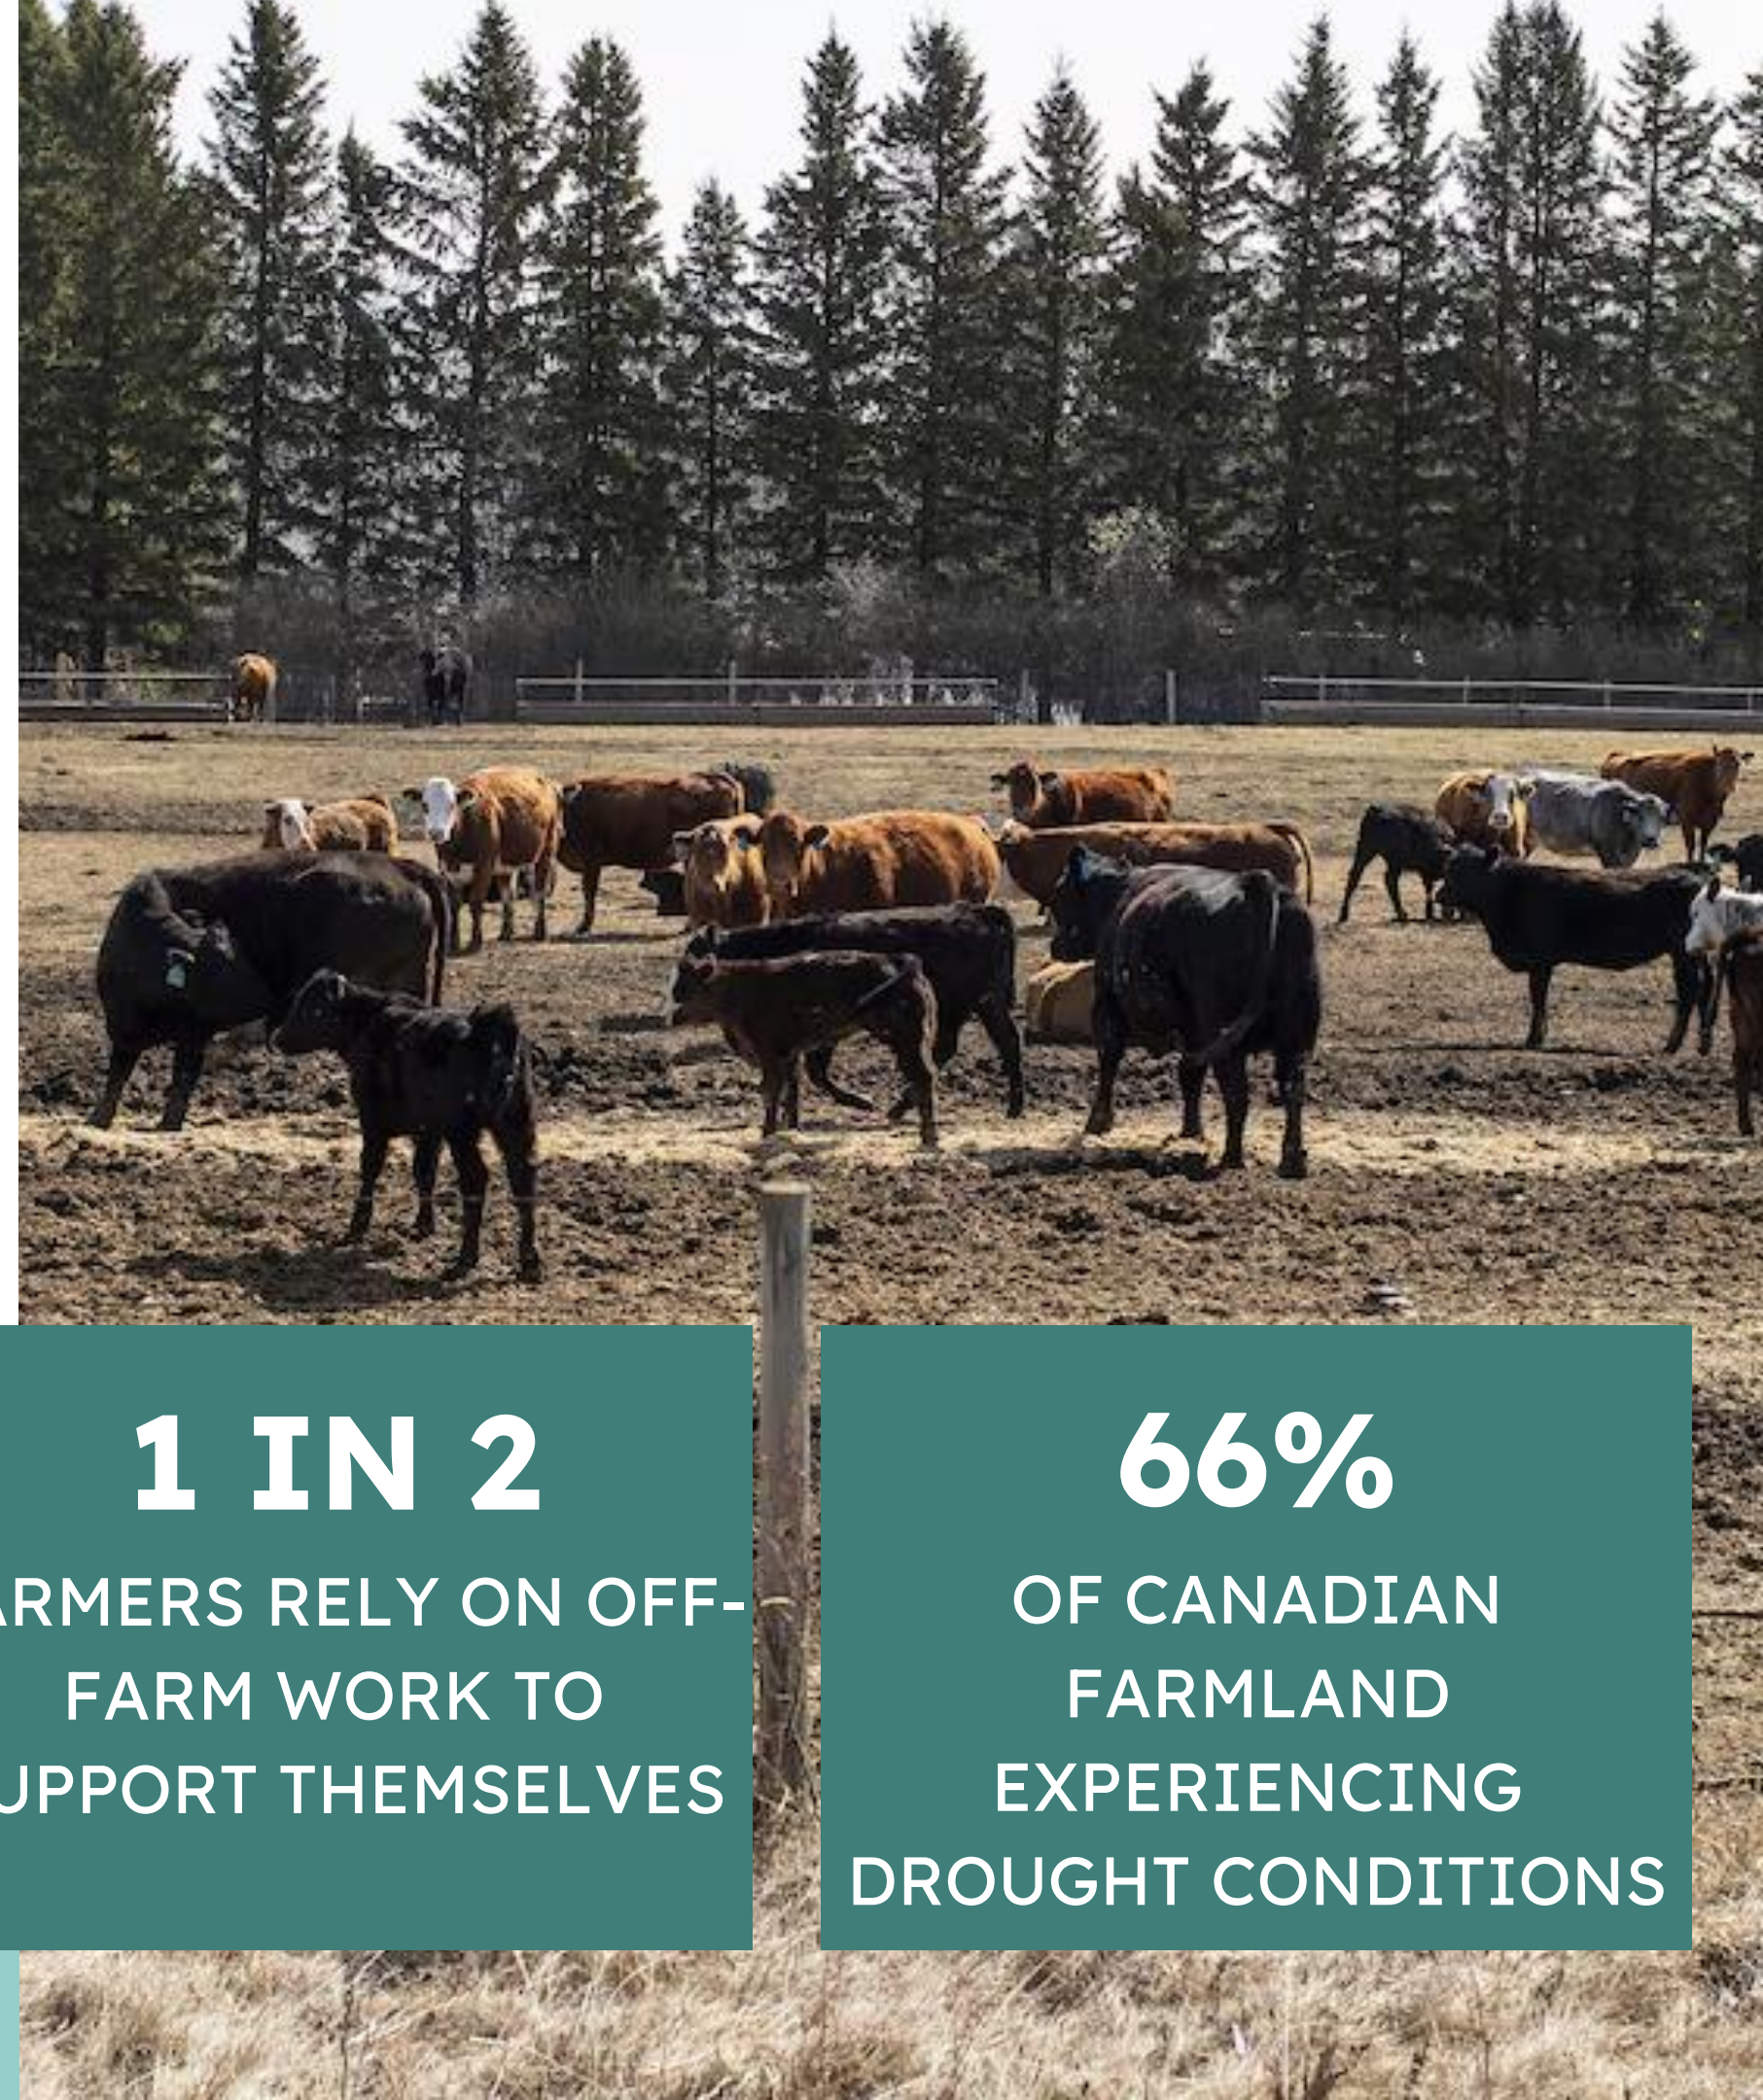

Farmers are struggling

26% DROP
IN REALIZED NET
INCOME FOR FARMS IN
2024

350%
INCREASE IN ANNUAL
FEDERAL GOVERNMENT
SPENDING ON CROP
INSURANCE SINCE 2020

1 IN 2
FARMERS RELY ON OFF-
FARM WORK TO
SUPPORT THEMSELVES

66%
OF CANADIAN
FARMLAND
EXPERIENCING
DROUGHT CONDITIONS

**Solar energy
reduces**

**farming costs
and CO²
emissions**

For every \$1 invested in
solar on this farm, they
received \$1.18 back

Our Solution

- Farmers are already feeling climate change, they deserve tools to adapt.
- We fight climate change and support the little guy at the same time.
- We provide educational resources and toolkits to assist in solar adoption.
